

ACQUIS + walkme

Let Acquis Help Transform Your Coupa End-User Experience with WalkMe

WalkMe is a cloud-based **Digital Adoption Platform** enabling organizations to effectively accelerate Coupa user adoption, measure digital transformations, and quickly achieve software ROI.

Acquis can implement your customized **WalkMe** solutions to deliver real-time end-user training, drive engagement, maximize productivity and gather insights on your organization's usage of Coupa.

The walkme Advantage

- Automate User Onboarding
- Create Smart Walk-thrus
- Interactive Action Bots
- Increase Coupa Adoption
- Drive Self-Service Support
- Increase Compliance

The screenshot shows the Coupa Requisitions page. A WalkMe overlay is visible, providing a guided tour of the interface. The overlay includes a 'Click Requests' button and a 'Click Request to get started' button. Below the overlay, a table of requisitions is displayed:
